Helping you to grow and harvest your life's work

Harvest Capital Advisors is an RIA – Registered Investment Advisor, providing a fee-only process of independent, unbiased, and objective advice and services.

- Our ensemble of seasoned advisors offers a full range of financial services, including budgeting, investing, navigating the maze of regulations that impact your pensions, taxes, Medicare, Social Security, Medicaid and elder care, to complex tax and estate planning issues and opportunities.
- Building on over 142 years of combined experience, we create tailored investment portfolios, one at a time. Using a disciplined approach of solid fundamentals, we assemble focused portfolios of individual stocks and bonds. Working with Charles Schwab & Co., we eliminate virtually all fund managers' added fees, greater trading costs, and commissions.
- A secure financial future is about setting clear goals, then establishing the framework for all the future decisions you must address. This is not just about money; this is about your quality of life.
- In today's economy, we all face new and disruptive financial challenges. Our Financial Advocacy™ program is specifically designed to address your issues and provide achievable solutions that are unique to you, your career, and your family.
